## LIVE THE RIVER

The pick up will be at the assigned dock, 9:00 am and we will head towards the mouth of the Grande de la Magdalena river. Once there, we will board a tourist train to travel about 12 kilometers and the incredible landscape of Bocas de Ceniza will begin to appear before us. This corner is famous for being the meeting point of the river with the Caribbean Sea. When we get off the train, we will walk until we come across the exact point where the mouth of the river can be seen. There we will have the opportunity to admire how the waters of the river and the sea come together causing a curious contrast of colors: blue on the left and brown on the right. In addition, we will be able to contemplate the great infrastructure that was built in 1936 to channel the waters of the longest channel in Colombia. This is one of the largest engineering works in the country. Then we will delight ourselves with a delicious typical lunch of the area on the shores of the Caribbean Sea, then we will go to the Aquamar dock to board our boat to enjoy the best party on the incredible high seas.
