**HALF DAY**

**Highlights of Buenos Aires**

Elegant, old-worldly, with a touch of Paris here and a touch of London there, a dash of New York cosmopolitanism and big splash of Italian exuberance, the city also has a strong Latin America personality as well as uniquely Argentine elements.

Explore the highlights of magnificent Buenos Aires in a four-hour guided sightseeing tour. This excursion kicks off in one of the city's most significant spots: Plaza de Mayo square, the political heart of the city laid out by Don Juan de Garay in 1580 during the second founding of Buenos Aires. Continue to San Telmo neighborhood, with its cobblestoned streets, where the original porteños (Buenos Aires residents) settled in the early days. After a short drive south, stop off at picturesque La Boca, the colorful working-class port neighborhood, and walk along Caminito Street, where local artists display their artwork to the tune of tango performed on the street. Pass through Puerto Madero and see this regenerated area where redbrick warehouses have been transformed into trendy restaurants and bars before finishing the tour in Recoleta and its renowned cemetery to glimpse stunning mausoleums, the final resting place for many of Argentina's key characters.

**Asado Experience**

**Type: Food & Wine / Family**

We invite you to discover the rituals and the secrets of getting together near our smoky grill to share a good Argentinean Asado (Barbacue).

Guests will be greeted with a welcome drink, while we get to know each other we go to the grill area to see how the fire is being prepared, to then put the meat showing him the cuts that we will use. We will tell you how long ago we received guests, why our love for gastronomy and the desire to share our rituals with them.

Our experience provides an enlightening cultural exchange over a traditional Asados, a social experience with a family in their home you're not likely to enjoy any other way. Arrive at your host home as a guest and leave as a friend. You can discuss soccer with fans, or maybe you want to learn more about the tango, the gaucho lifestyle, or your host's favorite Malbec wine. And your hosts will be just as interested in finding out more about you and where you live. This is what it's like to be an exchange student, but this is an experience that's not restricted to the young. Lunch will include appetizer, main course, dessert and coffee or tea plus white or red wine and even a taste of the ubiquitous Yerba mate tea and your tour provides roundtrip transportation.

The creators of this special tour believe that by sharing a simple meal, the people of the world may one day share peace and security based on acceptance of each other's way of life. As you sit down at the family dinner table, the differences and similarities of your respective cultures come to light as you discuss matters of the day and dreams for the future.

**Gauchos of Buenos Aires – Estancia Santa Susana**

**Type: Active / Family**

Today’s focus will be on another hugely important element of Argentina’s culture; the Gaucho. From the cruise you will head north towards the village of Los Cardales in the outskirts of Buenos Aires.

On arrival at the estancia we will be met by the owners who will welcome us with a typical Argentine “empanada” (meat pastie) and refreshments. Enjoy these new flavours as we are entertained by a skilful display of Gaucho horsemanship. A gaucho’s life is strongly marked by his relationship with his horse.

Long after vacation travels are completed, the smell or taste of a regional food can bring back the area visited as quickly as a photograph. Whilst the “asado” (BBQ) sizzles on the open fire receiving its final touches there will be free time to stroll around the estancia; visit the museum, the chapel or take a ride on horseback or in a horse drawn carriage. Dining will be at long tables so that everyone can take part and enjoy not only the food but also the entertainment of dance and singing that will be performed during the meal. There will be a chance to try our dancing skills with one of the locals.

Enjoy a traditional tea before returning mid-afternoon to Buenos Aires.
