After a nice stroll, we will take you to les Anses d'Arlet, a village in a tranquil cove. Here you may view the recently renovated steeple of this famous church located directly in front of the pier. Alternatively, you may choose to relax on the fine white sand beach, swim or even snorkel! You will have the chance to see many colorful fish and sea turtles.

After your swimming, we will take you to the Memorial Cap 110 for a historical moment. Don't forget your camera to shoot our iconic jewel, the Diamond Rock, from that same spot.

Your final stop will be at a local rum distillery! At Trois Rivières Distillery, you will learn about their special white and aged vintage rums that have been on the market since 1976. Enjoy a sample and bottles are available to purchase of your favorite! There are also coconut products available for you to purchase.
